

Primary logo (supplied artwork, unaltered)

The logo is the exact artwork supplied by the client. Files were only cropped, resized, placed on canvases, or had the plain white background removed. No colours, shapes, letters or proportions were changed.

Colours (sampled from the logo artwork)

Green (H)
#096410

Blue (E)
#065DEF

Gold (W / arrow)
#D99B20

Gold highlight
#FCF2CD

The gold is a gradient in the original; values are sample points, not official brand specs.

Clear space & minimum size

Keep a clear margin around the logo equal to roughly the height of one blue E bar (as shown).

Minimum size: 30 mm print / 120 px screen width. Smaller than this, the tagline is unreadable. Always use the full logo; never crop parts.

BACKGROUNDS & USAGE

On white (preferred)

On light cream

On light grey

On light blue tint

Please do not

- Stretch, squash, rotate or skew the logo
- Recolour any letter, the arrow or the tagline
- Use on dark or busy backgrounds (tagline is black - use a white or light backing panel)
- Add shadows, outlines or effects
- Rebuild, retype or re-arrange the elements
- Use small low-resolution files for large prints

Which file to use

- 01_Original - untouched source file
- 02_Cropped - even white margin, for documents
- 03_Transparent-PNG - white removed, for light-coloured backgrounds
- 04_Square-Canvas - avatars, app tiles, listings
- 05_Social-Media - ready-sized profile, cover and banner images
- 06_Web-Favicon - favicon.ico, PNG sizes, Open Graph image
- 07_Print-300dpi - print-ready PNG and PDF
